Today is a day you will remember for a lifetime. Each winding turn reveals a dazzling and unforgettable view of the coastline and sea. Visit Amalfi, one of the four "Maritime Republics" of Italy with a visit to the Cathedral of St. Andrew, dedicated to St. Andrew and located atop a spectacular staircase. In the afternoon we will visit tiny Ravello perched 1200 feet above the Amalfi Coast. We will see the best Arab-Norman monuments in Palermo, the beautiful cathedral Chiesa della Martorana, the ancient San Giovanni degli Eremiti Church, the Palazzo dei Normanni with its precious Palatine Chapel and much more. We will check into our centrally located hotel in the heart of Palermo before a special welcome dinner in a local trattoria which highlights local specialty food and wine. (B, D)

Day 6: 11 April 2027- Monreale and Cefalù:

Today we will meet our local guide, and head to Monreale. This charming tiny town is home to a spectacular Cathedral which is regarded as the most beautiful of the Norman churches in Sicily and perhaps the world! The mosaics were made with 2200 kg (almost 5000 pounds) of pure gold! It is called the 8th Wonder of the World.

Years ago, when I first visited Cefalù I fell in love with this charming Norman town and am excited to share this special place with my travel friends.

Cefalù with its gorgeous Norman Cathedral and its spectacular seaside location and unique fishing village charm allows a glimpse at Sicilian daily life. All of this beauty is overlooked by "La Rocca" an impressive rocky mountain with the remains of a fortress and the temple of Diana which dates back to the 11th century before Christ.

Return to Palermo before we venture out to a local trattoria for a delicious dinner with local food and wine. (B, D)

Day 7: 12 April 2027: SANT'ANGELO MUXARO – VALLEY OF THE TEMPLES

Today we will experience a Sicily few travelers ever see; we will experience this lesser-known Sicily, by meeting local people and participating in their daily lives. This journey back in time is in the ancient hamlet of Sant'Angelo Muxaro a tiny hilltop village of about 1300 residents. The town is steeped in legend and history, perched on the hill is the necropolis, with over two hundred tombs dug into the cave dwellings dating from the 13th to the 6th century BC. The city center and main piazza are a treasure chest of the wonderful beauty and authenticity of the territory.

Today's excursion allows us to enjoy the unique way of life of this little village made up of a few hundred families who live herding sheep to make the local cheeses. We will walk-through village streets, meeting the towns' craftsmen, baker, cheese maker and other locals while enjoying their hospitality and tasting local specialties and genuine encounters with locals. We will make a stop to taste hand crafted cheeses, along with the local specialty of "pani cunzatu", a local bread made entirely from

local ingredients. We will taste local cookies, local wines, olive oil, and other seasonal artisanal products from the local area. We will enjoy the incredible hospitality of Sant'Angelo Muxaro as lunch guests in the home of friends who will open their home to us.

Valley of the Temples in Agrigento, declared a World Heritage Site by UNESCO, where among the almond trees there are the remains of the ancient Akragas, defined by Pindar as "the most beautiful city built by mortals". You can admire the temple of Juno, and the temples of Concordia and Hercules. A journey through mythology, history and nature will make this day unforgettable. We will check in to our beautiful Agrigento hotel overlooking the Valley of Temples before heading to a local trattoria for a delicious dinner with local food and wine. (B, D)

Day 8: 13 April 2027- Modica-Scicli and Ragusa:

Sicily abounds with UNESCO World Heritage Sites and today we meet our local guide to discover the Baroque cities of Modica-Scicli that share deep historical ties. Modica is particularly famous for its chocolate which we will sample along with Modica's famous Vermouth and Amaro liquor. Modica is a charming hill town with a remarkable number of impressive churches, including two grand Baroque cathedrals. This historical center is a Baroque jewel! Scicli is often chosen as a location for the "Inspector Montalbano" TV series; Montalbano fans can stroll past the "Vigata's Police Station" (which is the City Hall), where many scenes are filmed. Free time for lunch and shopping before heading to the ancient hilltop town of Ragusa. Ragusa is a stunning, baroque town spread across two hilltops.

An incredible 14 of its 18 monuments are listed as UNESCO World Heritage Sites. It has been made even more popular by the Inspector Montalbano books and television series. Check into our beautiful seafront hotel in Catania (Acicastello) and enjoy a traditional dinner. (B,D)

We will visit the Baroque city of Noto and known as "the garden of stone" which is an UNESCO World Heritage Site. We will enjoy a two-hour boat tour in the Bay of Ortigia and a special lunch of local arancini, prosecco, and fresh seasonal fruit. Everyone falls in love with this island, the beautiful piazza, the hospitable people, the sea, the views. We will enjoy an afternoon in Ortigia which is the oldest part of the city and was chosen by the Greeks for their first settlements. Return to our hotel for a wonderful dinner. (B, D)
