

Benvenuti!

Welcome to the Italian Center, where your dream of experiencing Italy is brought to life with passion, authenticity, 30+ years' experience and unparalleled insider access. I don't just organize tours; I craft deeply personal, immersive journeys. As a native, my mission is to introduce you to the true soul of my home country—leading you past the standard tourist tracks to the most glamorous cities, private family estates, and breathtaking landscapes that the average traveler never gets to see.

Because we hold our itineraries to the highest standards of luxury, our small-group departures are strictly limited to ensure impeccable service and handpicked, beautifully appointed hotel accommodations. As a result, most travelers join us on multiple tours and several revisit the same region sharing it with new friends.

Whether you wish to cruise the Italian Lakes and the Venetian lagoon by private boat, dine with a 10th-generation balsamic producer, explore the magic of the Amalfi Coast and Sicily or unpack just once and visit Tuscany from our charming four-star Tuscan villa Hotel, I invite you to explore our upcoming journeys below.

Let's make this the vacation of your lifetime.

Ci vediamo in Italia!
